- 1. This blank is an interim form to be used in reporting progress on all contracts involving expenditure of funds for construction, including alterations and repairs to existing structures and is intended to supplement the Real Property Report (Form No. 36-219) in affording a complete record of the Agency's real property holdings.
- 2. When no Agency technical representative is assigned to the project or to the station under whose jurisdiction the work is being done, the necessary information should be obtained from the appropriate representative of the Agency responsible for management of the contract.
- 3. If various units of work under one authorization do not lend themselves to inclusion in one progress report, separate sheets should be submitted; e.g., when work under a given authorization is handled under two or more separate contracts.
